## Personalized Start Page

Your research begins on a personalized start page, called the **Quick Caselaw Search** page. On this page, you will find your recent search history, hyperlinks to all of our integrated and transactional search options as well as our customer support and training resources.

You can always navigate back to this page by selecting "My Research Home" from the "Start" menu.

## Quick Caselaw Search

Quickly pull up a case you already have in mind using Quick Caselaw Search. This type of search works best with unique case identifiers such as reporter citations, docket numbers, or unique party names.

For more involved research projects, go directly to Advanced Caselaw Search.

## Advanced Caselaw Search

Advanced Caselaw Search is our full-featured search function. Here you can perform three different types of searches: Keyword Search, Natural Language Search or Citation Lookup.

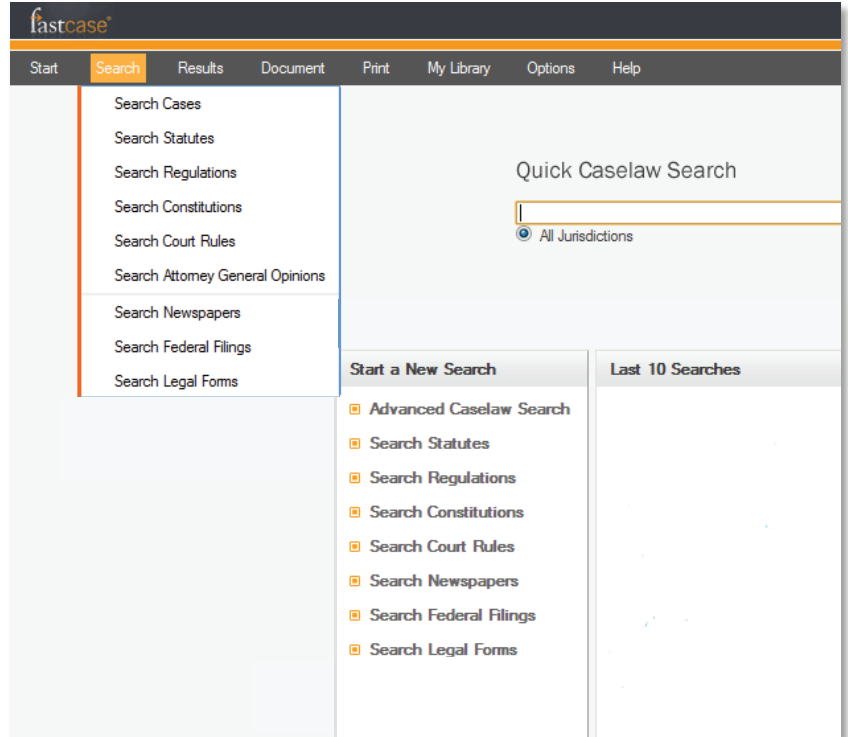

## Statutes, Regulations, Court Rules, & Constitutions

Fastcase also includes statutes, regulations, court rules and constitutions from virtually all 50 states. In most cases, we have incorporated the content into our database so that you can browse and search the relevant statute, regulation, court rule or constitution within Fastcase.

In some cases, Fastcase provides hyperlinks to the free official versions of these resources from the Web as a convenience for our subscribers. Collecting them all in one place allows you to find these resources quickly without having to search for them each time.

You can find these materials under the “Search” menu.

## Newspapers, Legal Forms, Federal Filings

Fastcase also provides access to a newspaper archive, legal forms, and federal filings. These transactional search options can be found under the “Search” menu as well. Please be advised that there are additional charges for accessing documents using these transactional search services from our partners
