

Introducing: Mobile Sync

Log in to Fastcase from your bar association, law school or law firm landing page. Once logged in, scroll over the **Options** menu and select **Mobile Sync**.

The screenshot displays the Fastcase website interface. At the top, the 'fastcase' logo is visible on the left. A navigation bar contains the following items: Start, Search, Results, Document, Print, My Library, Options, and Help. The 'Options' menu is open, showing a list of items: 'Reset application settings', 'Settings', 'Tools', 'Mobile Sync' (which is highlighted in blue), and 'All Jurisdictions' (with a radio button). Below the navigation bar, there is a search input field with a 'switch to advanced caselaw search' link to its right and a 'Search >>' button. The main content area is divided into three columns. The left column, titled 'Start a New Search', lists various search options: Advanced Caselaw Search, Search Statutes, Search Regulations, Search Constitutions, Search Court Rules, Search Attorney General Opinions, Search Newspapers, Search Federal Filings, and Search Legal Forms. The middle column, titled 'Last 10 Searches', is currently empty. The right column, titled 'Help Options', lists: FAQs, User Guide, Tutorials, Live Chat, E-mail Support, and Resources. Below this is a section titled 'The Fastcase Blog' with a sub-heading 'Accessing Fastcase When the Bar Site is Maintenance' and a paragraph of text.

Once on the Mobile Sync page, you will be prompted to enter an email address*. This will be your username for logging in on the mobile app. When you've entered your email address, click **Go**. We will send an email to this address to confirm that you own it. The email will contain a link that you must click to complete the sync process.

Mobile Sync

Fastcase is also available for your iPhone and iPad! Please follow the steps below if you'd like to use these mobile applications and keep your activity and favorites in sync.

1. Below, enter an email address that you'd like to use to log in to Fastcase's mobile applications. (If you already use our mobile applications then please specify the email address that you log in with.)
2. We'll send you an email. Click the hyperlink in this email to confirm that you own the address.
3. We'll ask you to enter a password if you don't already have one.

Email Address:

Go >> Cancel >>

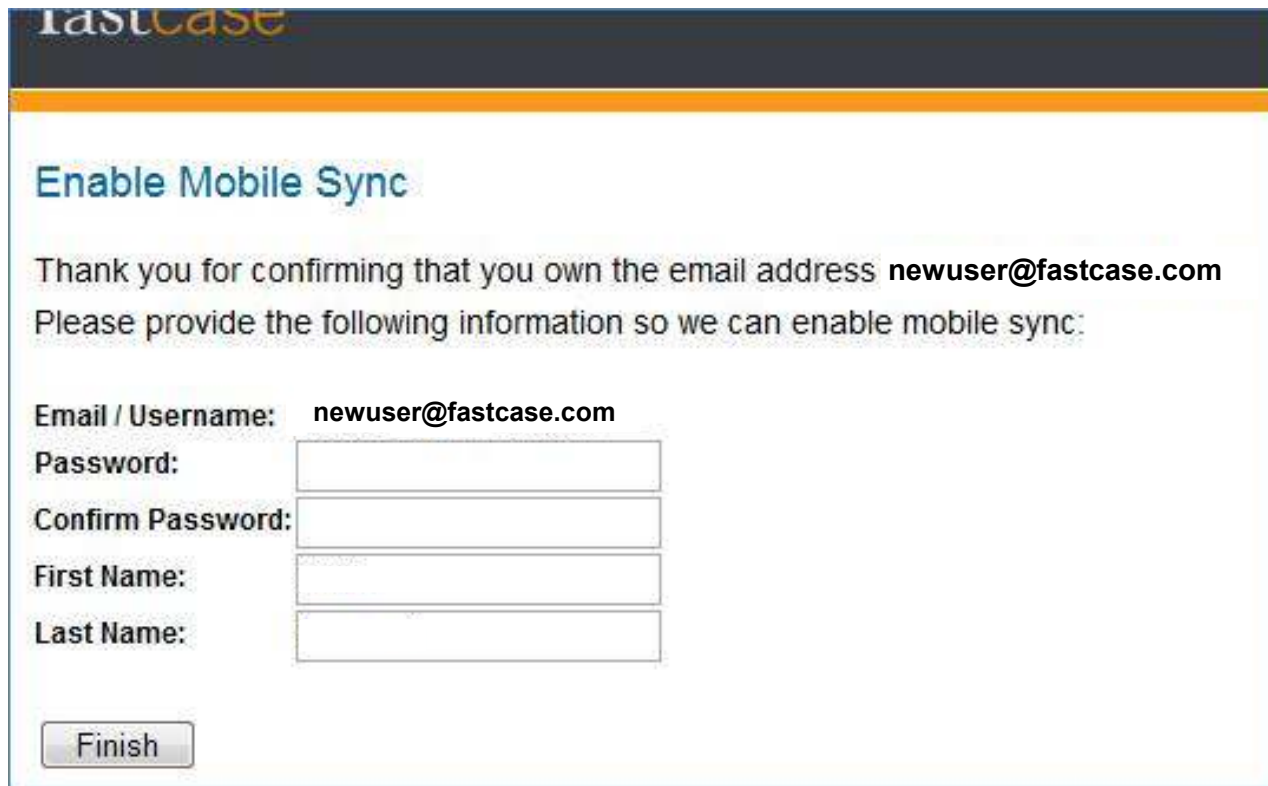

*If you already use the app and are simply syncing your two accounts, please use the email address associated with your preexisting app account.

For users who have already established a mobile app account:

Simply click the link in the email and your two accounts will automatically be linked together.

For users who are creating a new mobile app account:

After clicking the link in the email, you will be prompted to enter a password and confirm your first and last name. Click Finish and you're accounts are linked.

The screenshot shows a mobile app interface for 'FastCase'. At the top, the 'FastCase' logo is visible. Below it, the title 'Enable Mobile Sync' is displayed in blue. The main content area contains the following text: 'Thank you for confirming that you own the email address **newuser@fastcase.com**'. Below this, it says 'Please provide the following information so we can enable mobile sync:'. The form fields are: 'Email / Username: newuser@fastcase.com' (pre-filled), 'Password:' (empty text box), 'Confirm Password:' (empty text box), 'First Name:' (empty text box), and 'Last Name:' (empty text box). At the bottom left, there is a 'Finish' button.
